HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. H. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He [illegible] refers to the following
CARD.
We, [illegible] used the New Patent Shaft Coupling, invented by [illegible] Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

[DISPATCHES TO THE OREGONIAN.]

DATES TO JUNE 14.

Washington News.

WASHINGTON, June 13.—As an indication of the spirit in which the Postmaster General intends to deal with violators of the law, small or great, the following letter, addressed to a prominent Postmaster, is given:

"The enactments of law defining crime and offenses against the Postoffice establishments, admonish every person employed that the law making power intended to throw around the purity of correspondence the solemn sanctity of its protection. The highest duty the Department offers to the people, is to preserve with all the means within its power, the absolute sanctity of the mail. The enactments of law referred to are entirely explicit. You are required to instruct your subordinates that every violation of the law in this respect, as well as in other crimes, the Postmaster General will visit with punishment to the fullest extent of the law. In this connection, and in view of the facts adduced to the Department of complicity, if not actual crime, by one of the clerks employed in your office, the Postmaster General directs said clerk to be instantly dismissed from the service. You will permit no one to continue to be employed in your office whose character for personal integrity may not command the confidence of the Postmaster General."

Respectfully yours,
G. B. ARMSTRONG,
General Supt. Railway Mail Service.

WASHINGTON, June 14.—The wife of John F. Coit, one of the proprietors of the *National Intelligencer*, died last night.

NEW YORK, June 15.—The *Herald's* Washington letter says of the suspended order relieving clerks in the War Department, that it was claimed by some here that General Sherman was at the bottom of it, the object being to provide berths for the legion of army officers on waiting orders by the removal of clerks now doing duty in the War Department.

WASHINGTON, June 14.—Under orders from the Secretary of War 81 clerks are dismissed from the Quartermaster's Bureau. Orders for the discharge of 200 from other Bureaus are made out, but are withheld till the Secretary returns.

The firm of Dempsey & Ottolo contracts to furnish 10,000,000 envelopes for the Post Office Department.

The President has issued a proclamation abolishing discriminating duties against all French vessels, that Government having acted reciprocally toward our vessels, as appears from a cable telegram just received.

Brevet Col. J. H. Knight has been detailed for duty as Indian Agent.

Gen. P. B. Dyer has been ordered to inspect several arsenals as to official business.

Crimes.

CHICAGO, June 14.—In Covington, Fountain county, Indiana, Saturday evening, Fred. Remster, auctioneer, shot with a revolver and killed Mrs. Jones, an aged widow, with whom he boarded. Miss Brecklithan, aged 17, ran to learn the cause of the report, when Remster shot and mortally wounded her in the head. He then ran, inquiring for John Dodd, his late employer. On the way he snapped the pistol at two men, of whom one, John Fanster, grappled, disarmed and conveyed him to jail. The murderer has been drinking and gambling excessively and lost much. The people are intensely excited.

On Saturday, at the National Soldiers' Home, at Dayton, a colored veteran named Evans, without provocation, struck a fellow soldier named Williams, three blows with a hatchet, cleaving the skull and killing him instantly. Both were sweeping the hall. Evans is in jail on a charge of murder.

Virginia and Ohio Railroad.

CHICAGO, June 14.—The *Tribune's* special from New York says that negotiations are nearly completed for the capital to extend the Virginia road to the Ohio river, and the plan includes a line of steamers from Norfolk to Liverpool, which an English company has agreed to establish upon the completion of the road. This will bring the Ohio valley 300 miles nearer the seaboard than by New York.

North Pacific Railroad.

Jay Cooke has nearly completed his arrangements for selling the bonds of the Northern Pacific Railroad and contracting for its construction. He will probably begin advertising bonds in a few weeks.

Relations with Great Britain.

NEW YORK, June 14.—The *Herald's* London dispatch says at the Cabinet meeting, yesterday, it is rumored—though the report cannot be authenticated—that an official communication from Mr. Motley was presented by Lord Clarendon. In the communication Mr. Motley informs her Majesty's government of the rejection by the United States Senate of the *Alabama* claim treaty. It represents that the grounds for rejection were insufficiency of the treaty as a full settlement of the questions in dispute between the two countries. It states that the Administration agrees with the Senate in a determination not to ratify the treaty. He says that he is instructed to express the earnest desire of the American Government for the speedy and friendly removal of matters in dispute by a treaty which will do justice to all parties, leaving no question open for future consideration. He announces his readiness to receive and consider with liberality any proposition her Majesty's Government may make for a settlement of any interests or questions at issue. Also the claims of individual citizens, growing out of the action of either government during the war.

The expedition for laying the French cable has commenced work. Capt. Sherrard Osborne telegraphs from Deal that the steamer *Great Eastern* cleared all the dangers of navigation at the mouth of the Thames, and is standing out into the Channel admirably. She will arrive at Portland on Monday, her tender, *The Children*, preceding her.

Omaha Dispatch.

OMAHA, June 14.—A special says ex-Secretary Seward and the Congressional Committee on Ways and Means leave for San Francisco this afternoon.

Capt. J. C. Denny committed suicide at Fort McPherson on Saturday night, by shooting himself. Cause unknown.

Cuban News.

CHICAGO, June 14.—A Washington special says Consul-General Plumb has written from Havana giving his views briefly on the situation in Cuba, but the State Department declines publishing the letter at present. He says the withdrawal of Dulce has weakened the Spanish authorities, and at present the home government is nearly without a head on the Island. He asks instructions as to the course he shall pursue.

Cuban sympathizers here profess to believe this government will soon recognize the insurgents.

British America.

OTTAWA, June 14.—In the House of Commons on Saturday, the question of an additional subsidy to Nova Scotia was again discussed.

An amendment was offered setting forth the expediency of grants to the provinces of Ontario and Quebec. After debate it was lost, 44 to 88.

An amendment was adopted making additional subsidy payable July 1st next, instead of at the end of three years. The resolution was then concurred in.

Evidence was then submitted to the Committee on the Huron and Ontario ship canal. It establishes the importance and practicability of that work.

HALIFAX, June 14.—The Repeal League Convention closed its proceedings on Saturday evening. They decided to make annexation their policy.

Miscellaneous.

PHILADELPHIA, June 14.—The city is thronged with Knight Templars from all parts of the country. Delegations from St. Johns, N. B., Montgomery, Pittsburg and other cities are here.

ST. LOUIS, June 14.—All arrangements have been completed for the fight between McCoole and Tom Allen. It is expected a large crowd will attend. The steamer *Louisville* will take the combatants, friends and spectators to the ground. Their action will be secret. Both parties are said to be in fine condition, and confident. There is little betting but the odds are in favor of McCoole. Both parties are said to be secreted.

ALBANY, June 14.—The soldiers' home has been abandoned for lack of provisions. 25 of the inmates have been taken to the Government institution at Augusta, Maine.

BUFFALO, June 14.—A duel took place between the editor of the Spanish paper, the *Herald*, and a Cuban. It came off at Lundy's Lane. The Cuban was shot through both legs. The wounds are serious. An article styling Cubans cowards was the cause.

WEST POINT, June 14.—Vice President Colfax and General Sherman took dinner with General Grant to-day.

NEW YORK, June 14.—The *Times* speaks of the position assumed by the National Typographical Union, demanding that all newspapers shall be unconditionally admitted into the Associated Press. That paper says that it is quite in keeping with the general policy of the National Union to secure for printers as much money for as little work as possible, but hostility of combinations which assumes to fix prices for which printers may work, regulate their hours, degrade and brand all who will not obey their dictation, which seeks legislative interference to sustain their absurd assumptions to monopoly, and tyrannize over the Associated Press, is simply ridiculous. They might just as well demand that every person who desires to start a newspaper shall have the right to use the correspondence, editorial force, law, markets, general reports, and generally whatever in the old established journals he might find useful to his enterprise. This would greatly facilitate his starting a fresh paper, and increase the demand for printers. It would be quite as just as the demand of that body concerning the Associated Press.

BOSTON, June 14.—The fact that Mr. Perkins, proprietor of the Riverside Park, who held stakes to the amount of thousands of dollars, has mysteriously disappeared, and considerable excitement exists among the winners. It is feared that he will not return.

Musical organizations and crowds of visitors arrive on every train. All the railroads run extra trains during the five days of the festival. The workmen are finishing up the coliseum to-night. Everything is in readiness for the grand opening to-morrow. A rehearsal of 500 instrumental performers took place this afternoon, embracing organizations from various sections of the country and provincial cities. It was harmonious to an extraordinary degree.

South America.

NEW YORK, June 14.—Advices by mail to May 15th say religious excitement prevails at Pernambuco which bids fair to cause the expulsion of the Jesuits from that country. A bill has been introduced in the Provincial Assembly forbidding Jesuits or Sisters of Charity from entering any Provincial charitable institution. Attention is called to an old decree which expelled Jesuits and forbade their return.

The banking firm of Forlitz & Morrisy, in Para, has failed, owing to an extraordinary sum loaned the Bank of Brazil, having advanced eight millions in their paper and securities.

LONDON, June 13.—Telegrams from Paris report that the city has been tranquil throughout the day.

MADRID, June 13.—The army and navy and the civil magistrates throughout the kingdom are taking the oath to respect and obey the new constitution. During the debate on Mexico in the Cortes, yesterday, a deputy stigmatized Mexicans as cowards. Gen. Prim replied that the people who were able to sustain themselves against invasion were not cowards. He eulogized the Mexican republic, and called President Juarez the great Republican. This was received with great cheering.

BERLIN, June 13.—The King of Prussia, attended by Count Von Bismarck, has left Berlin on a tour through Hanover.

PARIS, June 14.—A large number of secret documents having reference to the late disturbance, were discovered by the authorities. It is asserted that these papers prove the movement was agitated by paid agents.

The Duke de Persigny has written a letter to M. Oliver on the subject of farther liberal reforms. He says the Empire and freedom are not incompatible, and that the Imperial form of Government can bear the existence of every liberty.

Several extensive robberies have occurred in Paris recently. $60,000 were stolen from a French steamship company by one of its agents. The Duke of Brunswick lost an equal amount.

Baron Hausman, Prefect of Seine, has resigned his office.

Ismail Pasha, of Egypt, yesterday had a pleasant interview with Napoleon.

The city is tranquil.

MADRID, June 14.—In the Cortes on Saturday, General Prim in reply to a question said no King would come forward, and in the present uncertainty the Regency was settled on. There would be candidates. He regretted the refusal of Ferdinand of Portugal, but he thought it was irrevocable.

Personal Items.

Lowell Mason and Mrs. Harrison Gray Otis are the only private persons invited as honorary guests to the Peace Jubilee.

Secretary Boutwell is said to have about decided to give Mrs. Dr. Mary Walker an appointment to Alaska.

The wife of Don Salvio Pacheco died at the family residence, in Contra Costa county, near Mount Diablo, (Cal.,) last week, at the advanced age of 104 years.

Rev. Rodman Lewis, chaplain in the United States Navy for the past thirty years, and a clergyman for fifty-one years, died on Sunday, in Binghampton, N. Y. He was, at times, stationed at every very important naval post in the United States.

Gen. Sherman has accepted an invitation from Senator Patterson to attend the commencement exercises at Dartmouth College, New Hampshire, on the 21st of July. An invitation has also been extended to the President, and it is not improbable that he will accept it.

There is deep sarcasm in the following from the Detroit *Tribune*: "After all Gen. Butler is only a shallow imitator of Senator Chandler. There has not been a moment for four years past that Senator Chandler would not have fought England. Where was General Butler all this time? It is very easy for him to come in at the eleventh hour with his cheap courage, now that Senator Chandler has cowed the British people."

The New York *Herald* has been rather severe on Secretary Fish, but its Washington correspondent speaks highly of him, and says that he will make a good Secretary of State, and "will leave the office $50,000 poorer than he entered it, because he will live far beyond $8,000 per annum, as has been his custom for many years," and no public money will adhere to his fingers, however great the opportunities." This is not so bad a man to have in high office, in these times.

The Washington correspondent of the Cincinnati *Commercial* writes: "Butler has invited Bingham down to Lowell to eat clams and strawberries and 'make up.' Bingham stands on the indignities he received at Butler's hands last session, and refuses to accept, saying that he wants no more to do with Butler's craftiness until the latter does him open-handed justice in the House. If Butler will agree to say a kind word to him there, Bingham's heart will not resist. It is probable that we shall see these gentlemen swallowing September plums together, reserving the stones to fling at each other in December."

THE FIFTEENTH AMENDMENT.—General William R. Miles, of Mississippi, has written a letter advising the ratification of the Fifteenth Amendment, in good faith, and saying there can be no wrong in giving to the whole country the benefit of a privilege already extended to the South. In conclusion, he says: "We want a Government, a good Government, the best Government we can get. We want the repose, and security and confidence that a State Government alone can give. Cannot the entire population, then, both white and black, unite upon common ground, and bring about this desired result?"

HEAVY BLAST.—They are blasting rocks on the Virginia City and Truckee railroad. On the evening of the 5th, by the premature explosion of a heavy blast, one man was killed and another very seriously injured. The man who was killed was blown over forty feet into the air, and fell in a ravine upon a rocky piece of ground. When taken up he was found to be almost literally torn to pieces. His bowels strewed the ground, both of his eyes were burned out; his face torn to pieces, and in short, he was left a mass of mangled flesh and bones.

VARIETIES.

A Terre Haute young lady boasts of having made ten "breaches of promise" within two years.

There are over 2,000 varieties of peas, but only seventy or eighty that are considered truly valuable.

Cincinnati is supplied with floating baths this season, and the school children are to enjoy them gratis.

Miss Anna Dickinson declares that she is a "sufferer from the importunities of love-sick swains."

The Sacramento *Record* complains that George Francis Train pronounces "either" as the English do—"i-ther."

A lunatic in St. Louis imagined himself Shylock, and ran about the streets with a pair of scales and a huge carving knife, attacking fancied debtors.

In Laporte county, Indiana, eighteen marriage licenses were issued in the month of April, and the Circuit Court for the same county granted twelve divorces.

Somebody down East has invented a new plan for cheap boarding. One of the boarders mesmerizes the rest, then eats a hearty meal—the mesmerised being satisfied from sympathy.

"Remember who you are talking to, sir!" said an indignant parent to a fractious boy; "I'm your father, sir!" "Well, who's to blame for that?" said young impertinent; "taint me!"

A gentleman in New Albany, Indiana, rules the curculio away from his plums, and has fruit every year by sprinkling the trees with wood ashes twice a week when the leaves are wet.

An exchange says: A neighbor who had been repeatedly urged by some female acquaintances to accompany them to a skating pond, at last yielded, no longer able to resist the blandishments of his bewitching tormentors. He went. He said he put on a pair of skates and struck boldly out, and the next thing he knew he was in bed, the minister sitting beside him, singing a psalm; the doctor consulting his wife, and the undertaker measuring him for a coffin.

"Brick" Pomeroy.

HE FINDS NEW YORK A HARD FIELD—HOW HE BRAGGED AND HOW HE FIZZLED—HIS LUCK AND HIS LOSSES—THE BOTTOM OF THE "TWO HUNDRED THOUSAND"—TRUTH STRANGER THAN FICTION.

[From the St. Paul Dispatch.]

"Brick" Pomeroy, better named Mark M. Pomeroy, declares that he has met with great "success" in his attempt to publish a Democrat in New York City. We are glad he feels so buoyant about what ninety-nine men out of a hundred deem a wretched failure. He is now at La Crosse. If he stays there and stops his New York paper, he will be a wise man. If he then makes his La Crosse paper decent—fit for a man to take to his home—he will not have lived entirely in vain.

But we have started to relate the story of "Brick" in New York—how he did and then how he didn't. His promises began to be made most profusely about a year ago. It was in the latter part of June that he finally determined upon a daily in New York. Joe Howard [illegible], of the proclamation forgery—was recommended to "Brick" as his style of man, and just the one to carry out his plans. Joe [illegible] upon an engagement, having just left the very clever little paper that he edited in Williamsburg. So the two came together, and were mutually pleased. "Go ahead," said Pomeroy, "make ready for a first-class paper, and draw upon me for the funds." And Joe went "ahead" with a vengeance. He [illegible] spacious rooms in the *Sun* buildings. Painters, [illegible] and type founders were summoned with [illegible] rapidity, and in a short month Joe Howard had started Brick's machine. Up to this point—the point of getting out the first number of an evening paper—not far from ten thousand dollars had been spent. Resplendent signs shown forth from the saffron tinted building. The arrangements inside were very creditable to the ingenuity of Howard, as well as ruinous to the purse of Pomeroy. The *Sun* presses did the press work. On the first day of publication over thirty thousand copies of the *Democrat* were published, and all the news-boys from Dan to Bersheba, (Barclay street to Brooklyn,) rushed for the new paper. Joe had his coat off, vainly struggling to supply the wants of the clamorous boys. "Brick" stood in the door way with his hands in his pockets—pockets so soon to be freighted with golden ducats. Full twenty thousand copies of the paper were sold that day. All because it was a paper edited by the great "Brick," of whom so very many had heard, and so few knew. The sale began to fall off on the second day, simply because the paper was not an electrical success. It was a dead failure. Save when Howard's really graceful pen threw forth its [illegible] personals and its amusing criticisms, dark dullness prevailed. Fewer and fewer papers were sold. The weekly losses were very large. In vain did Pomeroy feed out the funds while Howard and his force—then including Ottarson—struggle manfully with their quills. Every now and then Pomeroy would himself indict a paragraph saying that his paper paid splendidly, was a great success, and surpassed his "fondest hopes."

Meanwhile the national election came on, and Pomeroy resolved to enter on a grander field and place himself at the "head" of the Democracy. He at once made the *Democrat* a morning paper, and as further evidence of [illegible], took on the form of the quarto sheet. The news-boys dropped the paper at once, as they do not and will not sell morning papers. The actual sales then became very much less reduced to even less than five thousand daily. The people of New York, Democrats and Republicans, could not bear such vituperations, shameless innuendoes and foul mouthed language as found its way so freely into the columns of the *Democrat*. "Brick" had for once missed his field. New York was too refined to smile upon his style of journalism. Gentlemen did not care to have such sheets upon their tables—either at home or at their places of business. Nor would the reading-rooms of the clubs tolerate it among their files. It is but simple truth to say that the sheet was held in utter contempt by almost everybody.

Pomeroy labored very hard for the Democratic party, previous to the election, and finally lost his health thereby. For several months he was unable to attend to his paper, and it became little more than a dead sheet. Upon returning to New York, he ousted Howard and other of the editors, took on once more the folio form, and promised great things. He again related his wonderful "successes," said his paper was making money, and was increasing largely in circulation. Alas! how few there were to believe it! His prestige was gone in New York. There were none to pay him homage. And still he poured out his empty promises, and bragged of things that people laughed at as foolish. His language was not the language of New York. His oaths, posted all over the city to attract attention, were the disgust of every swearing man. He had no audience. The Democratic politicians even would not give him credence.

After Howard was ousted from the editorial room of the *Democrat*, Pomeroy took the helm himself, and has worked more or less constantly ever since. But his work was not the kind to take in New York. He had a Frenchman clever at gathering telegraphic news.

He availed himself of all the facilities that are offered by the New York News Association whereby the active local news of the city are furnished at large expense. He bought a splendid Bullock press at a cost of near fifteen thousand dollars. He had men at work writing local sketches at considerable cost. He received many special telegraphic dispatches—but all in vain. The paper did not go. It supplied an immense amount of reading matter for two cents, and was gotten up every day at great expense. Its sales, however, ran down, and even Pomeroy's "propping up," with notices of "success" and "prosperity," did not revive it. It was evident that Pomeroy, he who had once had such great success, had at last run on the rocks.

We do not know how much money "Brick" has lost in New York, but we believe it to be over one hundred thousand dollars, and considerably over. He still hangs to his paper—we know not why, since it is very unpopular. The universal voice is, "the paper is a failure." Oaths and insults will not pass current in New York. And for one we hope the sales may continue to diminish till the proprietor learns not to shame an entire community with blasphemy and nastiness.

BY MILES O'REILLY.

Oh! loosen the snood that you wear, Janette,
Let me tangle a hand in your hair, my pet,
For the world to me had no daintier sight
Than your brown hair veiling your shoulders white,
As I tangled a hand in your hair, my pet!

It was brown with a golden gloss, Janette,
It was finer than silk of the floss, my pet;
'Twas a beautiful mist falling down to your wrist,
'Twas a thing to be braided, and jeweled and kissed,
'Twas the loveliest hair in the world, my pet!

My arm was the arm of a clown, Janette,
It was sinewy, bristled and brown, my pet,
But warmly and softly I loved to caress
Your round white neck and your wealth of tress,
Your beautiful plenty of hair, my pet.

Your eyes had a swimming glory, Janette,
Revealing the dear old story, my pet;
They were grey, with that chastened tinge of the sky,
When the trout leaps quickest to snap the fly—
And they matched with your golden hair, my pet.

Your lips—but I have no words, Janette;
They were fresh as the twitter of birds, my pet,
When the spring is young, and the roses are wet
With dew drops in each red bosom set,
And they suited your gold-brown hair, my pet.

Oh! you tangled my life in your hair, Janette,
'Twas a silken and golden snare, my pet,
But so gentle the bondage, my soul did implore
The right to continue your slave evermore,
With my fingers enmeshed in your hair, my pet.

Thus ever I dream what you were, Janette,
With your lips, and your eyes, and your hair, my pet;
In the darkness of desolate years I moan,
And my tears fall bitterly over the stone
That covers your golden hair, my pet.

Secretary Boutwell.

(From the N. Y. Herald, May 8th.)

Secretary Boutwell, in his first brush with the Wall street gold gamblers, has baffled and beaten them. When he announced his purpose of selling a million of gold weekly from his accumulated fund of a hundred millions, in exchange for gold-bearing bonds, the gold bulls and their allies of all sorts entered into a coalition against him, and for a week or more they so manipulated the gold-room that they ran up the article from 133 to 144 and a fraction, and then sent off Chittenden to warn the head of the Treasury that unless he stopped these gold sales they would run up the precious metal to 175. This trick, no doubt, would have succeeded with McCulloch, who seemed to be either a confederate or a willing victim of these Wall street gamblers; but we are glad to announce that it was a signal failure with Boutwell; that instead of suspending his weekly sale of gold to the extent of a million, he gave notice that if a million would not do he would try two millions a week against the Wall street gold bulls, and with this notice, like Captain Scott's coon, they said, "Don't fire, Captain, we'll come down." And they did come down, to 140, and the Secretary has them in his leading strings. He can stop their fantastics and haul them short at his pleasure; and it is to be hoped that he will draw upon his specie surplus to the figure of five millions at a slap, if necessary, to make these gold bulls take in their horns, and to diminish those gambling profits which they realize at the expense of the community.

Here we have an important point settled. The Gold room is within the control of the Secretary of the Treasury. Next it appears that his general report for the month of May will exhibit a handsome [illegible] millions in the reduction of the public debt. He has given us the same for the month of April, or fourteen millions in two months, and he can do better as he goes on and more fully realizes the advantages within his grasp in the way of retrenchment and savings. They say he is a protectionist, and that as such his policy is to bring down the price of gold and reduce the debt. Protectionist or free trader, or anything you like, he may be, so long as he labors to manage the treasury for these great objects of bringing us quietly nearer to a final settlement of the debt and a return to specie payments. [illegible] fictitious [illegible] contraction [illegible] by calling in [illegible] of the legal [illegible] do b[illegible] or two [illegible] ought to be [illegible] to his successor, Boutwell [illegible] to a grave mistake [illegible] the whole [illegible] of the Administration [illegible] his shoulders, and [illegible] to be the only [illegible] of the Cabinet who is doing [illegible] to meet the opportunities [illegible] and the expectations of the country. Let him [illegible] forward in reducing the debt, the interest on the debt and the expenses of the treasury, and let him avoid, meantime any contraction of our [illegible] circulation, and the country will sustain him.

LETTER FROM REV. H. W. BEECHER.—The Charleston (S. C.) *Courier* publishes the following letter:

Brooklyn, April 21, 1869.

You ask me, or rather you tell me, about the story afloat in Charleston, that at my visit there in 1865 I [illegible] and made off with the records of St. Michael's Church. What on [illegible] do I want of church records? I am not an Episcopalian, nor a historian, nor a collector of old books. No, I never took, touched or saw the records of St. Michael's or of any other [illegible]. Nor did I [illegible] in removing any article of church property. I have no taste for relics, and least of all for stolen ones. I took nothing away from Charleston but a heavy heart—that a city of my own country should be so utterly desolated by war! Yes, there was one thing I brought away, now that I bethink myself. An officer of a colored regiment brought to my house and presented me an old family Bible which had been saved from a burning house on some plantation in the country. I entered the facts as narrated to me on the fly leaf, thinking that [illegible] peace came the family [illegible] perhaps, be happy to regain this venerable old book (printed in 1679.) I copy the entry [illegible] plantation, on Ashley river, twenty miles from Charleston, saved from burning by an old [illegible]. Presented to H. W. Beecher by Lieutenant Holland N. Batcheller, Charleston, April 15, 1869."

If the family, or any other member of it, desires the book, it would give me great pleasure to return it to them—none the worse, I trust, for a short sojourn at the North.

If any good will come of it, you may print any or all of this [illegible] accounts for the [illegible] that I stole church records.

Truly yours,
HENRY WARD BEECHER.

The New York *World*, the North American Democratic organ, in a recent article speaking of the differences of race, thus expresses its Democratic feelings: "Race, that cursed mistake of the Almighty." The *World* evidently thinks that the creation of black men was an unconstitutional proceeding.

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash.
The rate at which we have been sending money East for Life Assurance will [illegible] cent, with interest, to at least Ten Millions [illegible] by January 1, 1870. This sum, [illegible] it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of it. For instance, its yield in the East at 6 per cent [illegible] ten years, is $6,052,167 27; here at 12 per cent. for [illegible] years, and 10 per cent. for six, comp[illegible], or a difference of over eighteen millions!
With these facts in view what Company will likely pay the largest Dividends? The funds of the PACIFIC are all loaned at 1 to 1½ per cent. per month.
AT WICHIGAN, [illegible] is computed that Oregon and Washington Territory have contributed about one fourth. This involves the sending away annually, to keep up the Premiums on Policies [illegible], at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If in California, it finds its way back here for our productions, a market for which we must look for there.
The applicant need not wait two or three months to know [illegible], but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.
In January last DR. SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up, at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.
HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.
And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.
There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Dis[illegible], Spermatorrhœa or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchial and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhea, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Di[illegible] to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs.
Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases)
N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.
We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.
We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvature of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.
The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated, we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGIENIC MEDICATION, for they not only get well, but learn how to keep well.
Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment)
DR. SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic Society the first Wednesday in each month. BARLOW J. SMITH, M. D.,

HIRAM SMITH'S
Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.
It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATION, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.
It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. B. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER,	ROB'T RAMSEY,

And others in that vicinity.
Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE NO PAY and NO INJURY plan.

TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES!
Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.
How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, blotted and disfigured faces and their broken constitutions, disqualifying them for the happiness or the enjoyment of life. In this horrid state thousands [illegible] until death closes the scene, unless guardians or friends, attend to those who [illegible] any of these horrible life-destroying [illegible] they are cured for and cured before it [illegible] them immediately to Doctor Gibbon, apply [illegible] made private disease his especial study [illegible] to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are [illegible] of their friends, to be careful of the many pretended doctors who infest all cities, publishing [illegible] in a few days, imposing on the public by using the names of eminent physicians of Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.
Seminal Emissions, the consequence of [illegible] solitary vice, or depraved sexual indulgence [illegible] by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid sy[illegible], unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

MARRIED MEN,
Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.
DOCTOR GIBBON is responsible, and will give patients a written instrument, binding himself to give a radical and permanent cure, or make no charge.

CURED AT HOME.
Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage or curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in a registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.
Beware of the San Francisco quacks and [illegible] who, with bogus sworn-to certificates, dupe the [illegible]. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and [illegible] to work at their trades. Some are [illegible] makers, newspaper carriers, intelligence office [illegible] etc. Look over the San Francisco Directory, [illegible] will not find their Medical Institutes in it, but [illegible] find their former occupations in it. Look at the Directory for 1862 and 1863. THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO!

ORTON'S PREPARATION!
ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco in any person, no matter how strong the habit may be. If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases. It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleaning the poison of Tobacco from the system, and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*
The time taken to allay all desire for Tobacco by the use of the Preparation varies *slightly* in different persons, the *average* time being about *Five days*. Some have no desire for Tobacco whatever after using the Preparation *Two days!*
The *Health* and *Purse* of every Tobacco user in the country calls loudly, ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS.
The following are a few selected from the multitude of recommendations in our possession.
We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco and can assure those who are suffering from this habit that Orton's Preparation will entirely destroy the appetite for Tobacco *quickly* and *permanently*, and without any bad effect upon the health, and without creating an appetite *either for the Preparation or any substitute*.
W. P. Heald, Bangor, Maine; J. Moody, Southport, Indiana; E. W. Adkins, Knoxville, Tenn.; John Merrill, Bangor, Maine; J. Bunch, Springfield, Tenn.; W. D. Harrington, West Point, Georgia.

From Samuel Cessidy, Editor Journal & Argus.
PETALUMA, CALIFORNIA, Dec. 13, 1865.
For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.
SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor or his duly authorized Agents.
The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country securely sealed from observation, with postage paid on receipt of price.
How to send money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it from your Postmaster. Money sent by mail as above directed at my risk. Address
